Statement of Faith

We believe that the bible is the inspired word of God. It is the all sufficient rule for faith and for life. We believe in the deity, the supreme authority of Jesus Christ, and in His virgin birth, His life, His death, His burial, and His resurrection. We believe in the reality of the final judgment of heaven and hell as taught in the bible. No sectarian tests will be used to determine the qualifications of any volunteer or member. If you do volunteer at a Charlie 22 Outdoors, you must adhere to this statement of faith. Signing this paper says you agree and will help us minister to others in the unity and spirit of Christ.

10. Safety is ALWAYS our first thought.

11. When working with a landowner, follow these guidelines:

- a. Always identify the landowner and get permission to enter or hunt their land. Try to visit in person, be courteous, and ask about rules. Face-to-face contact is important for landowners to learn more about you. They can put a face and vehicle with the person that will be on their property.
- b. Be friendly and allow enough time to chat. A conversation can help you learn a lot about the surrounding area, wildlife movements, and the quality/quantity of the wildlife.
- c. Ask about any rules and the landowner's property goals. Try to help him or her meet those goals. If the landowner wants a lower deer population to reduce crop damage, be sure to harvest does. If the landowner wants bucks to reach an older age class, pass up younger bucks.
- d. Always be safe. Look out for livestock or roads when firing.
- e. Keep an open line of communication with our landowners. They don't like surprises. If you tell them that you'll have two hunters on a certain date, don't show up with five.
- f. Be respectful of the property. Leave it in better shape than you found it.
- g. Did we mention to BE SAFE!
- h. Give back. Do something for the landowner. They have allowed us to hunt on their property. It is a good idea to offer something in return.
- i. Never trespass. If you shoot an animal and it enters someone else's property, ask the owner for permission to search their property.
- j. We must also ask for permission each year to ensure we are still allowed to hunt their property.
- k. Did we mention to BE SAFE!
